

Placerville Republican

EL DORADO COUNTY'S ONLY DAILY NEWSPAPER

VOLUME XLVIII

PLACERVILLE, EL DORADO COUNTY, CALIFORNIA. TUESDAY, JUNE 28, 1938

NUMBER 150

El Dorado County residents who were listening to the correct program on their radios Monday evening, heard Miss Eleanor Scherrer interviewed in the lobby of a New York Hotel. We regret having missed the broadcast but friends who heard it report that Miss Scherrer knew most of the answers and didn't seem at all disturbed by the "mike."

Fallen Leaf Chapter No. 90, O. E. S., is in vacation during the months of July and August, following its regular meeting Monday night. The next meeting of the chapter will be on the first meeting night in September.

We are glad to report that Mrs. Sally Mitchell, who for a week past has been a patient at Merritt Hospital, Oakland, is reported as having been quite ill but is now improving.

Miss Edythe Purcell, daughter of Mr. and Mrs. John Purcell, is enrolled at Berkeley for the summer session at the University.

Mrs. Marion Holman, of the forest headquarters staff, is spending a few days at San Francisco.

Mrs. Robert Veerkamp and two sons, Frank Cole and Mrs. Campion were among those who spent last weekend at Yosemite National Park.

Mrs. Margaret Wilson, Mrs. Hattie Amstalden, Mrs. Nora Gray and Miss Ruth Lyon, delegates to the recent Grand Parlor of Native Daughters of the Golden West, meeting at Santa Barbara, returned over the week-end. They were delegates from Marguerite Parlor, No. 12, of Placerville.

Farm Advisor Ivan Lilley and B. E. Haslam, secretary of the agricultural conservation, were visiting farmers in the Fairplay district Tuesday.

Raymond Curtis, charged with being drunk and disorderly, was found guilty Tuesday morning before Police Judge Eugene Creed and was fined \$60, with the alternative of 30 days in jail. The alternative applied.

Daniel J. DeLaney was a visitor in the county seat from El Dorado Tuesday.

Mrs. Mamie Forni and Mrs. Anna Heindel were callers in the county seat from Georgetown Tuesday morning.

Helen G. Hall has brought suit against Lowell D. Hall for divorce. Papers state the couple wed October 13, 1917, at Anderson, Indiana, and separated June 1, 1937. They have three children whose custody the plaintiff asks.

L. R. Whitson is the plaintiff in an action against the Gold Company, Ltd., transferred to the county court from Alameda County, seeking to quiet title to certain personal property claimed in ownership by the plaintiff. The property concerned includes a power line, poles and other equipment at the defendant's mining property in Garden Valley.

Birth of a son, Roger Wallace Zahniser, to Mr. and Mrs. A. A. Zahniser, of Youngs, at Placerville Sanatorium on June 21, was of record Tuesday at the county recorder's office.

District Attorney Henry S. Lyon was at Lake Valley Tuesday on business.

Albert Kyburz and son, Sam, were callers from Kyburz resort on Tuesday.

Dr. Floyd I. Beckwith, president of the California Beaches Association, and a resident of Pomona, was a caller in Placerville Monday urging the support of measures at the coming election which are designed to protect southern California beaches against ruin as a result of tide-land oil drilling.

Georgetown Native Is Taken At Capital

Private funeral services will be held at Sacramento on Wednesday for Laura E. Graham, 76, a native of Georgetown, who passed away on Monday at her home, 920 F. Street, in the Capital city.

Miss Graham had made her home at Sacramento for forty years. She was a sister of Mrs. Jeanette A. Johnston and Charles V. Graham, both of Sacramento.

ELECTION BALLOT SETS RECORD

22 Propositions Already Have Qualified; Six Or Seven More Petitions In Circulation

By RALPH H. TAYLOR
(Executive Secretary,
Agricultural Council of California)

EDITOR'S NOTE: This is the first in a series of three articles dealing with recommendations of the Agricultural Council of California on ballot measures which have been proposed for submission to the people at the November election. The Council is the legislative body of California's major farm cooperatives, with more than 70,000 farmer members.

When California voters march to the polls, some 3,000,000 strong, at the November General Election this year, they will be confronted with the longest ballot and one of the most intricate in the state's history.

Twenty-two measures already have qualified for submission to the electors—16 constitutional amendments (proposed by state legislators), three initiatives and three referendums.

And petitions are in circulation for six or seven other initiative acts which are expected to qualify before August 1, the final day for filing signatures with the secretary of state's office. In addition, there is still a possibility that some additional proposals, still

(Continued on page 4)

Mountain Hides Fate Of Youth

Kidnaping Suggestion Scoffed By Forest Officer Who Found Tracks Of Ill-Fated Pair

ALBUQUERQUE, N. M., (AP)—A plan to suspend men by great steel cables to explore the niches and crevices along the face of Sandia Mountain in the search for Medill McCormick or his body probably will be announced, it was indicated today.

Mrs. Ruth Hanna McCormick Simms, almost prostrate mother of the 21-year old youth was nearly convinced, close friends said, that this procedure would prove to be one of exceeding danger.

Rumors, first published in New York, that McCormick might have been kidnaped, were called "preposterous" by M. J. Woods, Jr., assistant forester of the Cibola National Forest. It was Woods who found the youths' parked car when the search started last Friday.

"I followed their footprints from the car to the base of the west face of the mountain," Woods said. "There the trail was over bare rocks and I lost it, but there can't be any doubt that the boys walked from the car to the cliff and started up. They left their shoes at the car, where they evidently changed to tennis shoes. I am absolutely certain that McCormick accompanied Whitmer in an effort to scale the cliff."

LONG PRISON TERMS FOR PAIR GUILTY IN BOMBING

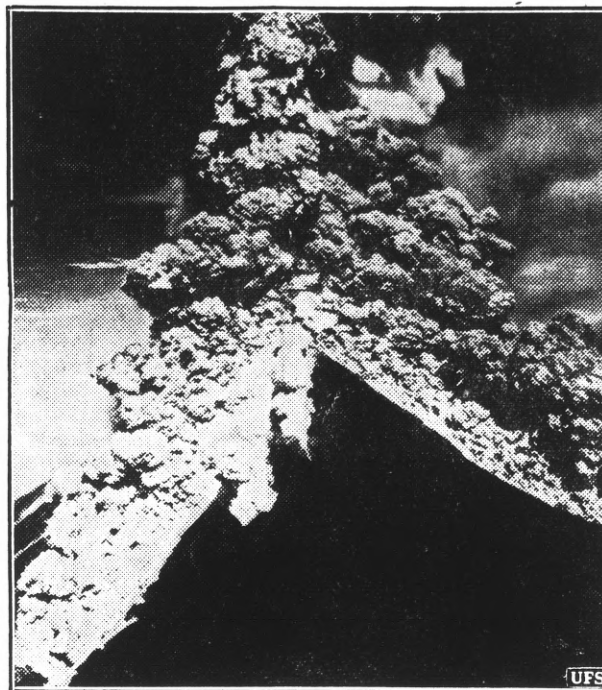

LOS ANGELES, (AP)—For the allegedly politically-inspired bombing of a private detective, Capt. Earle Kynette and Lieut. Roy J. Allen, of the once-feared police spy squad, were under sentence today to long terms in prison.

Capt. Kynette, credited with manufacturing and planting the home-made bomb that nearly killed investigator Harry Raymond, was given two years to life imprisonment in San Quentin penitentiary.

Lieut. Allen, a subordinate in the squad, convicted of helping handle the explosives which were placed in Raymond's automobile, received a term on one year to life, with a recommendation of more lenient treatment than that given his captain.

Mr. and Mrs. B. E. Dobell and son, Don, have returned to their home at Berkeley following a visit with Mr. Dobell's sister and family, the B. E. Larsons. Mr. Dobell is connected with the Federal Land Bank at Berkeley.

Mr. and Mrs. Clayton Logan, of Placerville, are the parents of a son, born on Monday at Sutter Maternity Hospital, Sacramento.

VOLCANO IN ACTION—Huge clouds of smoke and steam, accompanied by mighty rumblings and outpourings of lava formed an eruption from Mayon crater, 200 miles southeast of Manila, P. I. The volcano was believed inactive, but for three days it boiled and bubbled, before the eruption occurred. This picture was taken by the U. S. Army Air Corps.

HEIRESS TO \$40,000,000 DIME STORE FORTUNE CONTEMPLATES DIVORCE

Attorneys For Countess Barbara Learn Separation Plea Must Be Heard By Danish Courts; Secrecy In Official Proceedings Is Indicated

COPENHAGEN, Denmark, (AP)—Attorneys for Countess Barbara Haugwitz-Reventlow have taken steps preliminary to filing suit for separation and divorce from Count Court Haugwitz-Reventlow, it was learned today.

The Ministry of Justice said that a lawyer for the Countess, the former Barbara Hutton, \$40,000,000 five and ten cent store heiress, had submitted a formal inquiry whether the Danish courts could deal with proceedings for a separation or divorce.

The lawyer was told, it was said, that the Danish courts must handle the entire matter because both the Countess and her husband were Danish subjects.

It would be necessary for the Countess to come to Copenhagen for the initial arguments but they would not have to remain there.

MOTHER LODE HIGHWAY GROUP MEETS ON JULY 9TH

H. E. Dillinger, one of the county's directors in the Mother Lode Highway Association, received word Tuesday noon from Archie Stevenot, at Merced, association president, announcing that the association will meet next on July 9, at Jackson.

The meeting will be an evening affair, with dinner at 6:30 o'clock at the National Hotel.

REDS LAND FIVE MEN ON NATIONAL LEAGUE "DREAM" TEAM

NEW YORK, (AP)—The Cincinnati Reds came up with another surprise when they landed five men on the National all-star team for the sixth annual "dream game" with an American League picked team at Cincinnati on Wednesday, July 6.

The National league squad of 23 players, picked by a written vote of the eight managers, was announced by President Ford Frick. The team will be managed by Bill Terry, New York Giants' pilot. The honor goes to him because he piloted last year's National league champions. It will be the third time Terry has managed the National league all-stars. He was beaten, 9-7, in 1934 and 8-3 last year.

Cincinnati's five all-star players are catcher Ernie Lombardi, pitchers John Vander Meer and Paul Derringer, first baseman Frank McCormick and outfielder Ival Goodman.

Murder Ends Argument About World War

LAS VEGAS, (AP)—Edward W. Scott was held today in the county jail charged with first degree murder of Larry Saunders, former Phoenix, Ariz., golf club greenskeeper whom Scott assertedly had befriended a week ago.

The shooting occurred during an argument over the World War and Saunders' German nationality, officers said.

Sen. Nye Faces Close Primary Race Today

BISMARCK, N. D., (AP)—North Dakota Republicans decide today the political future of Sen. Gerald P. Nye, progressive, peace advocate, and one of the best known members of the senate. Selecting the party's senatorial candidate, they will choose between Nye and Gov. William Langer.

A close race appeared certain. Their charges and counter-charges have colored an otherwise quiet primary campaign.

8,000 LIONS MEET AT BAY JULY 19

International Convention At Oakland For Four Days; First In That City Since 1921

OAKLAND, — Eight thousand Lion delegates and their families will be guests of the Oakland Lions Club at the twenty-second annual Convention of the International Association of Lions Clubs, which will convene here on July 19 for a four day session.

Once before, back in 1921, Oakland was host to the Lions Convention. Since that time the Association has grown from 229 clubs with 13,789 members, to over three thousand clubs with 105,000 members, in eight countries of the world.

From war-torn China will come delegates from Tientsin and Tsingtao. Colorful delegations, some in native costume, will come from Mexico, Cuba, Costa Rica, Panama and Colombia. And of course, from all parts of the United States and Canada special trains and caravans will converge in Oakland.

From Chicago, on July 13, will come the International President's Special train, bearing delegates from Wisconsin and Illinois, as well as special groups from Virginia, Maryland, Delaware and the District of Columbia. Headed by Frank V. Birch, International President from Milwaukee, the delegates will take a northerly route, going up through Red Lodge, Yakima and over to Seattle, then down through Portland into Oakland.

From the north east will come the New England Special, bearing delegates from Maine, Massachusetts, New Hampshire, Vermont, Connecticut and Rhode Island.

Southern delegates will head across the continent aboard the Alabama Lions Special, which leaves Decatur on July 11, for New Orleans, thence via Southern Pacific Railroad across Texas into Los Angeles, and up to Oakland.

The Texas Lions Special leaves Temple, Texas, on July 16, via the Santa Fe, making a one day stop at the Grand Canyon, then on into Los Angeles, and up to Oakland.

Other special trains will be the Kansas-Oklahoma Special, the Indiana Lions All-state Band Special, and the Pittsburgh Special.

Members of the Placerville Lions Club will attend the International Convention and the district convention, also to be at Oakland.

HOME FRUIT CANDY IS EXPLAINED IN NEW U. C. CIRCULAR

BERKELEY — More than a billion and a half pounds of commercially manufactured candy is eaten in the United States every year, about thirteen and three-fourths pounds for each man, woman and child. This is in addition to large amounts of home-made candy. These are the figures of the National Confectioners' Association.

But, say Dr. W. V. Cruess and Agnes O'Neill of the University of California division of fruit products, most candies, commercial or home-made, contain little fruit. Many candies, they maintain, are improved by the addition of fruit and several excellent candies consisting entirely or principally of fruit can be made.

Consequently, they have prepared Agricultural circular 10, The Home Preparation of Fruit Candy, for free distribution. It may be obtained from the College of Agriculture at Berkeley, or from any farm advisor. It contains many recipes which are intended for use in preparing small quantities of candy for the home, or small commercial quantities with household equipment for local sale.

Miss Sunnie Lindberg and Lorraine Burgess of San Francisco are here for a few weeks' vacation visit with the former's mother, Mrs. H. J. Lindberg.

POLITICS IN RELIEF AIRED

Address By WPA Official Brings Demand For Inquiry Into Campaign Funds

WASHINGTON, (AP) — Charges that relief officials are trying to influence congressional elections broadened the controversy today over participation in primary or election contests by officials paid with government funds.

An address by deputy Works Progress Administrator Aubrey Williams to organized relief workers, in which he told them to "keep your friends in power," brought demands by anti-new deal democrats for an investigation by the senate committee to investigate campaign expenditures.

Sen. William H. King, D., Utah, bitter opponent of President Roosevelt and new deal policies, charged that Williams' speech "undoubtedly was made to influence the elections," and declared that he would urge the senate campaign committee to examine the address with a view to determine whether there was evidence of coercion and intimidation.

He was supported by Sen. Edward R. Burke, D., Neb., another new deal opponent, who said that "if that speech comes within the scope of the committee's authority it ought to be investigated."

"It is very clearly reprehensible for anyone in a position such as held by Aubrey Williams in the WPA to give political advice to anybody," Burke said. "It is injecting politics in relief."

Lions' Dinner At 7 O'Clock

Club Will Install Officers At Ladies' Night Meeting, Attend "Robin Hood"

Installation of officers for the ensuing year will be the principal order of business at a ladies night dinner meeting of the Placerville Lions Club, called for 7 o'clock tonight at Hotel Raffles.

District Governor Thomas Maul will be the installing officer and Lion H. E. Dillinger will succeed Lion William Hays at president.

The entertainment program for the meeting will not be elaborate, since the club will adjourn following dinner to the Empire Theater to see the motion picture, "The Adventures of Robin Hood."

In addition to the new president, other officers-elect of the club are: E. E. Van Harlingen, first vice-president; George E. Faugstad, second vice-president; Arthur Mart, secretary; Harold G. Morehouse, Lion tamer and Lloyd Cannon and E. Ogden Hook, directors.

Eldredge Family Here From Ames, Iowa

Mr. and Mrs. John C. Eldredge and two sons, of Ames, Iowa, are here for a visit with John Crosby and sister, Miss Mary Crosby, of 331 Washington Street. The Eldredge boys are nephews of Mr. Crosby and his sister, Mrs. Eldredge being a sister of Miss Mary Crosby and Mr. Crosby.

Mr. Eldredge, whose parents are former county residents, is an instructor at the Iowa State Agricultural College, at Ames.

The parents of Mr. Eldredge, who formerly owned a ranch west of Placerville, moved from here about 1900 and are now living at Wausau, Wisconsin.

PORTRAIT OF A DICTATOR

FOREST VACATION CAMPS FOR LOW-INCOME GROUP SEEN

COLUMBUS, O., (AP)—Development of model vacation camps in national forests to furnish low-cost vacations to low-income families was envisioned by Leslie S. Bean, Milwaukee, assistant chief forester for the Great Lakes states.

Bean and two assistants spent 10 days in southeastern Ohio surveying potential camp sites in Ohio's newly-created Wayne National Forest, authorized in 1935.

The model camps, complete with cabins, assembly and dining halls, recreational facilities and adjacent lakes and streams, would relieve the tension of "the machine age" for thousands of workers, Bean said.

Commercial Fishers Take Heavy Haul

NEWPORT, (AP)—One of the heaviest catches in Newport and Catalina waters this season was reported by the sport fishing headquarters.

The barracuda take was largest, with the Sirio reporting 400, the Sea Hawk 300, the Pearl L. 110 and the Belmont 100. White sea bass, yellowtail and sculpin also were taken.

Adverse weather conditions caused heavy losses to flax in the Tulare Lake Basin, Kings County.

PARADE OF SPORTS

By HENRY McEMORE
(United Press Staff Writer)

NEW YORK, (AP)—A picture of a man reading the sports pages:

Boston — War Admiral set to race Seabiscuit on Wednesday; this is getting to read like a headline out of Joe Miller's joke book. It was a good gag the first time it was pulled, but so was the one about the chicken crossing the road. The next news from Boston, I suppose, will be that War Admiral has come up with an ache in his pitching arm, or that Seabiscuit has asked to be excused because it's maid's afternoon off, or that owner Sam Riddle doesn't think the Admiral should run because the sun is too bright, the breeze too soft, the birds singing too sweet, or something like that. One thing's a cinch, though—if they don't run this time they never will.

Long Branch, N. J.—Max Baer signs to fight Joe Louis in September. Fourteen hospitals already are bidding for the X-ray rights to Max Baer, who will train for the fight at a prominent hospital here so that he will feel right at home when he goes back to it after the fight. Promoter Mike Jacobs is going to advertise the fight unless it's because he is jealous of all the publicity Schmeling got for being knocked out so quickly and figures he can better the German's time in hitting the floor. Well, maybe he can, but he is going to pretty nearly have to come in crawling. Max will be on his back so much his seconds will have to have a sky-writer flying overhead, writing his instructions in smoke.

Wimbledon, England — Mrs. Helen Wills Moody rallies to defeat Mrs. Bobbie Miller of South Africa, 8-6, 6-4, in her good days Mrs. Moody could have beaten the likes of Mrs. Miller 6-0, 6-0 without using anything but her paint brush. And if you have ever seen any of Mrs. Moody's painting you know that she wasn't very skillful with that implement. I hope Mrs. Moody wins the title because she is just about my age and it gives me the creeps to constantly read where athletes of that age are too old to run to have any strength or be any good. It athletes who keep in shape fall apart at that age what sort of condition

must I be in?

Rumson, N. J.—Biene V. Elbebogen se Sumbula, a boxer, among best of breed winners at Monmouth County Kennel Club show: "Here Ch. Biene V. Elbebogen se Sumbula! Here Ch. Biene V. Elbebogen se Sumbula! Where's that dog gone to?" Thank goodness, when I was a dog fancier in Georgia, every dog I had was a mutt with such original names as Rex, Rover, Spot, Ben, Jack and Major. If I had had a dog named Ch. Biene Elbebogen se Sumbula, the mutts would have eaten every scrap of food off his plate before I could have gotten his name out of my mouth to call him. And when I say scraps of food, I mean scraps, because that's what we fed 'em.

New York—Hubbell to start for Gila, guess I'll go to the ball game.

Experiments in the Salinas Valley show that lettuce land benefits greatly from winter cover crops.

OAKLAND (AP)—Steps are under way to rehabilitate Oakland's Chinatown so that it may be a fitting competitor to San Francisco's famous Chinatown during the 1939 Golden Gate and International exposition.

Some grain growers of the Tulare Lake district are wading their crop in order to prevent loss from possible flooding.

Fair In '39 To Show World Art Treasures

SAN FRANCISCO (AP)—The greatest collection of modern and ancient art ever assembled in America will be exhibited here during the 1939 Golden Gate International Exposition. Dr. Walter Heil, director of the de Young museum, said on his return from Republican Classified Ads always pay.

a six-month tour of Europe's are capitals.

Although his task of obtaining art objects from Europe has been complicated by a major political upset in Austria, Dr. Heil said he was still hopeful of obtaining Velasquez world famous portrait of the Infanta Margarita, now in a museum at Vienna.

Up and Down Broadway

By JACK GAVER

United Press Staff Writer

NEW YORK, (U) — There will be nothing new in the Broadway show-shops until September at the earliest and any natives or visitors looking for something fresh in metropolitan entertainment will have to patronize the night clubs and hotels. They could do a lot worse.

The entertainment trend in the nocturnal spots is toward bigger and better things this season and here is to be found about all that is left of once prosperous vaudeville. Most of the headliners of the old Keith and Orpheum circuits continuing to hold down the featured spots, but here is a fair sprinkling of new talent.

The most intriguing of the cabaret shows is at the International Casino, which made its Broadway debut last fall as a glittering dine and dance palace with a revue only a little less imposing than those which Ziegfeld, White and Carroll used to put in the foodless, wireless theatres.

The Hotel New Yorker has put show business on ice also, offering a less pretentious revue in what it is pleased to call the Summer Terrace. There is the well known skating team of Baptiste and Lamb, Eric Wait and Farley and others, including the non-skating Ramona of vocal fame.

Ben Marden's Riviera has been a summer entertainment landmark around here for several years now, but this club at the New Jersey end of the George Washington bridge is outdoing itself this year in the quality of its headliners. The first production, under direction of Leonard Sillman of the legitimate theater, features Sophie Tucker.

Sophie has been and still is show business dynamite. She has that knack of audience command which comes only from years of experience in a hard school of which too little remains for the beginners of today, who would be lost without a microphone between themselves and the audience. Sophie's stock in trade is heartiness, whether she is putting over a joke or a song, and it is impossible to see and hear her without unbending to meet the performer at least halfway—a true pretentious revue in what it is pleased to call the Summer Terrace.

GAS TAX REVENUES FOR MAY OFF 8 PER CENT FROM YEAR AGO

SACRAMENTO — Gasoline sales throughout California took a substantial drop during May, the State Board of Equalization reported Friday.

The gasoline tax for last month amounted to \$4,296,311.55, or 8.24 per cent below the \$4,635,695.55 assessed for the same month of 1937. The loss was approximately the same when last month's figure was compared with April of this year when a total of \$4,632,373.50 was assessed in gasoline taxes.

So far this year gains have been shown only by two months, February and April, while losses were recorded by the other three months in comparison to 1937.

ARIZONA BARBER OFFERS JOB FOR YEAR TO MAN ON RELIEF

PHOENIX, Ariz., (U)—The man who offered his job for a year to a man on relief, and had no takers, announced today he will try once again.

A year ago, E. B. Bridgewater, 44, inserted the following in the newspaper:

"Any white American male citizen who has been on relief four years and expects to be on four more, may (if qualified) have my job one year."

Election Ballot Sets Record

(Continued from page one)

far short of their signature requirements, will make the boat before they take up the gangplank.

The Agricultural Council of California, at its annual meeting in San Francisco, took action on six of the proposed ballot measures—recommending a "Yes" vote on one proposal and "No" on five others. The Council's recommendations, with a brief outline of the acts considered, are submitted herewith. (Two major proposals acted upon will be discussed more fully in succeeding articles of this series).

Approved

Initiative Act (petitions are now in circulation) to curb disorders; bans "quickie" strikes and sit-downs; prohibits coercion and intimidation on the part of either employees or employers; restricts picketing and prohibits interference with lawful use of streets, highways, docks and wharfs. California agriculture has suffered tremendous losses due to strikes and other labor disturbances and the Council gave its approval to this act as a step toward industrial peace.

Disapproved

"Single Tax"—Sales Tax Repeal Act, which would repeal the retail sales tax, use tax, motor vehicle tax and private car tax, which now yield \$104,000,000 a year, or 60 per cent of the State's general fund revenues. The proposal is designed to shift the burden to common property taxpayers by levying taxes on real property alone, abolishing the present limitation on a State ad valorem tax on property. This measure is still short several thousand signatures to qualify for the ballot and all farmers and other common property taxpayers should heed the admonition: "Read before you sign!"

Garrison Revenue Bond Act, authorizing the creation of public utilities commissions and the issuance of revenue bonds by various governmental units for public utilities. The most

dangerous provision of this extremely involved proposal is the reduction of the vote required to establish a public utility district, or to vote bonds, from two-thirds to a bare majority, while requiring a two-thirds vote for withdrawal from such a project. The Council disapproved of this act because it makes it easier to get into debt and harder to get out and because it considers the measure just as dangerous to sound public ownership projects as to private enterprise.

Humane Dog Pound Act, which ostensibly provides for humane treatment of animals in pounds, but which is actually designed to prevent the use of animals by research institutions, including colleges. It would prohibit the use of any animals for research purposes except those raised on the premises and would thereby hamper medical research work for the relief of human suffering.

Homestead Tax Exemption of \$3500 where the owner is the resident occupant. The Council believes that it is desirable to encourage home ownership (the ostensible objective of the sponsors), but believes it would encourage extravagance in government; and unwise voting of bond issues and other public expenditures to free property owners from tax responsibility.

The exemption of \$5,000 on all homesteads; opposed for the same reasons outlined above. (These two proposals have not as yet qualified, but petitions are in circulation).

Many of the proposals on the November ballot will seem desirable at first glance; some are deliberately "dressed up" to catch the unwary voter. But every voter should subject every measure to most careful scrutiny. There is a vital need this year for intelligent, thorough analysis to separate the wheat from the chaff—and organized farm groups can render splendid service to their state and communities by accepting leadership in this work of ballot diagnosis and appraisal.

Barred rock chickens from the Dryden Farms, Modesto, led the heavy class at Mt. Grove, Mo., in production for April.

PWA OPERATION PROGRAM OUTLINED; APPLICATIONS END SEPTEMBER 30

WASHINGTON, (U)—Public Works Administration officials explained that first allotments announced in the new recovery drive represent presidential approval of applications from cities and other subdivisions for federal funds for project construction.

Translating the new recovery drive into action, the officials said PWA will follow this procedure:

PWA will follow up allotments shortly with "offers" to applicants. When signed by the government and the local agency, the offer constitutes a contract, confirming the approval and conditions of allotments.

Allotments in all cases will not coincide with previously announced figures. Some localities have cancelled projects for which they applied. Others recently revised their plans to seek more or less money without knowledge of PWA. In some cases PWA engineers revised the local estimates and plans.

In such instances, applicants may file a supplemental application which, if approved by PWA, will be followed by an amendatory allotment and a revised offer.

Absence of a project from the lists approved this week does not necessarily mean that a project is rejected. Officials indicated that comparatively few of the 3000 pending applications will not be accepted.

In most cases allotments will cover only a 45 per cent grant. Where communities cannot borrow money more cheaply, a 55 per cent loan at four per cent interest may be allowed with the government buying the community's bonds and taking a mortgage on the project.

Under the new law, PWA may not accept applications after Sept. 30.

PATRIOTIC SQUARE

BERKELEY, (U)—The city council has decided to rename one of the city's squares "Constitutional Place" in honor of the sesquicentennial anniversary of the American Constitution.
